That we hereby declare our unfaltering allegiance to the Government of the United States, and that we pledge it our willing devotion and service, and that, as a body of Christians, we will ever "pray that in God's own time and way this Rebellion may be put down; that oppression and Slavery in all its forms may be done away; that freeden of tooly and mind, bolitical and religious, may everywhere prevail; that the emancipated negroes, whom God, in His Providence, is committing to our care, may be the objects of our liberal and Christian regard and instruction; that war may soon cease throughout all our borders, and that our now lacerated country may again be so united that from the lakes on the North, to the Gulf on the South, and from the Atlantic to the Pacific, there shall be but one Union, one government, one flag, one constitution, all colminating in that higher glory which shall make this nation Emanue's land—a mountain of holiness and a dwelling place of Righteoseness.

On motion of the Rev. Mr. Atkins, the preamble of the resolutions proposed by Dr. Good on was also adopted, and prefixed to the substitute.

THE CASE OF HUTCHINGS, THE "LIGHTNING CALCULATOR."

There was published in these columns a few days since the remarkable cure of Hutchings, the "Lightning Calculator," o well known to the public during the many years he exhibited his wonderful arithmetical powers at Barnum's Museof this city. Hutchings is represented to have been at the point of death, and, but for the timely interference of the doctor, would now be resting in his grave. This is a remarkable case, and worthy the attention of persons similarly afflicted.
